BTech. Computer Science and Engineering

Institute of Engineering and Technology, DAVV Indore (M.P.)

11/2020 - Present

CGPA:- 9.23

Courses

- Data Structures and Algorithms
- Higher Mathematics
- Java
- Foundational Electronics

PERSONAL PROJECTS

Medium Clone (09/2021 - Present)

- Build a fully functioning Medium Clone build on Ruby on Rails.
- It consists of all the CRUD operations that is Create, Read, Update and Delete operations and can work for all the users fine.
- Added Administration Panel by which the admin can keep all the records of the clients who use that server.
- Also, I have an authentication flow that has all the basic functionalities like login, signup, logout, and forgot password.
- Project can be found here on GitHub:- https://github.com/p1yu5h0/Medium_ka_Clone

Nakli Codeforces.com (07/2021 - Present)

- Build a website like codeforces.com which has a great interface and UI just like that of codeforces.com.
- The Website is deployed here:- <https://p1yu5h0.github.io/Mega-Project1/>
